

## RoHS Certificate of Compliance

Amphenol All Sensors designs and manufactures pressure sensor products that comply with requirements of the Restriction of Hazardous Substances (RoHS) directive. The following is true to the knowledge of the undersigned.

This document certifies that Amphenol All Sensors Corporation part numbers, unless otherwise specified, do not contain substances exceeding Maximum Concentration Values per the requirements of the European Parliament and the Council of the European Union's "Restriction of Hazardous Substances" Directive as explained as follows:

The original RoHS, also known as Directive 2002/95/EC, originated in the European Union in 2002 and restricts the use of six(6) hazardous substances found in electrical and electronic products.

Published in 2011, directive 2011/65/EU is commonly known as "Recast RoHS Directive", "RoHS II", or "RoHS 2". No new substances were added to the restricted list for RoHS 2; however, Categories 8 and 9 along with compliance recordkeeping requirements and a CE-marking directive were added.

Directive 2015/863, also referred to as "RoHS 3" or "RoHS 10 Substances" was published in 2015 and restricts the use of four(4) additional hazardous substances (phthalates) to the list of six(6) already restricted substances.

The ten(10) substances and the related MCVs are the following:

Substance	MCVs	Parts Per Million
Lead	0.1 %	1000
Mercury	0.1 %	1000
Cadmium	0.01 %	100
Chromium VI (hexavalent)	0.1 %	1000
Polybrominated biphenyls (PBB)	0.1 %	1000
Polybrominated diphenyl ethers (PBDE)	0.1 %	1000
Bis(2-ethylhexyl) phthalate (DEHP)	0.1 %	1000
Butyl benzyl phthalate (BBP)	0.1 %	1000
Dibutyl phthalate (DBP)	0.1 %	1000
Diisobutyl phthalate (DIBP)	0.1 %	1000

The provisions of this certificate supersede and replace the provisions of all other certificates previously delivered relating to compliance with the RoHS Regulations.

### Disclaimer

This information is based on information furnished by our suppliers. Amphenol All Sensors Corporation does not conduct any independent tests of materials and disclaims any responsibility to do so. This, however, does not exclude that trace levels of those substances may be unintentionally present. However, no warranty with regard to the information contained herein is expressed or implied and Amphenol All Sensors Corporation expressly disclaims any liability whatsoever howsoever arising from or in connection with this letter. Aside from the statements above, no warranty, express or implied, including any warranty of merchantability, fitness for any purpose, or any other warranty or guarantee is made or implied regarding the materials or the Goods or the representations of the suppliers, the results to be obtained from the use of the goods, the safety of the goods, or the hazards connected with the use of the goods. All such warranties are excluded. We do not test of the presence of trace amounts of these substances that may be introduced into the product as a contaminant. These statements are for your information only, and do not constitute a warranty, right for product recall or product specification. The company may alter its processes in the future.
